

## ➡ NOW IN 4 LOCATIONS

- Langley
- Fort Langley
- Abbotsford
- Chilliwack

It has been a long time since we have done an update like this and so we have much to share with you! We have expanded our existing location in Langley, added two new locations in Chilliwack and Fort Langley, and we have some new staff members to introduce. A lot of progress has been made and it is all thanks to you, our customers!

Our Langley location is our main office and has been open since December 2009. This location continues to grow and get busier, so we needed some more space. We were fortunate enough to expand into an empty unit right next door, so we now have 2 full-service test rooms and plenty of space to serve more than one person at a time. Our Langley location is regularly staffed by 2 practitioners: Jennifer, Owen, Ted, Doug and Scott serve in this location.

We opened our much-anticipated new location in Chilliwack last summer. It is a beautiful location in a beautiful part of town, at the south end of Vedder Road, just north of the river. If you or a loved one is in Chilliwack, come check us out! Chilliwack is staffed by Owen, Scott, and Doug.

In addition, we added another location in beautiful Fort Langley. We are located in the same building as Fort Family Practice just off Glover Road on 96 Avenue. This is a convenient boutique hearing clinic and currently open Wednesdays and Thursdays. Ted and Doug are working in this exciting new spot.

Now we have four locations in the Fraser Valley to serve you – Langley, Abbotsford, Fort Langley, and Chilliwack. Be sure to come and say hi!

Amidst all this growth we have assembled a strong team of caring and dedicated staff to run our clinics and look after our patients.

We have two hearing care coordinators, Faith Klassen and Ella Clegg. There are five licensed practitioners: Jennifer Choy-Harty, Owen Rintisch, Ted Clegg, Doug Hyde, and Scott Hyde. Finally, Lora Hyde is in charge of behind-the-scenes clinic planning, marketing, and HR.

Thank you to you, our dear customers. Thank you for choosing us to look after your hearing health care. We are committed to you and to our community and are looking forward to serving you for many years to come!
